main.c   Output

```c
1  #include<stdio.h>
2  int main()
3  {
4      int n,m;
5      int max,sub,mul,div;
6      scanf("%d %d",&n,&m);
7      max=n+m;
8      sub=n-m;
9      mul=n*m;
10     div=n/m;
11     printf("Addition=%d\nSubtraction=%d\nmultiplication=%d\ndivision
              =%d",max,sub,mul,div);
12     return 0;}
13
```

Run
